This carefully balanced NPK ratio will provide health and colour to your lawn during the growing period whilst additional micro-nutrients provide the finishing touches to your lawn which will be the envy of the street.

DIRECTIONS FOR USE:

- Apply in the cool hours of the day
- Use a higher rate if a darker turf colour is required
- Apply monthly when active growth is present or when nutrient deficiency symptoms are visible to maintain even growth and colour for your lawn
- Lightly water-in after application

This product is safe to use in a domestic situation, around humans and domestic animals.
